

# Solution to Set

Mikayla Lin

First, find the sets within each 2 by 3 grid.

The “blind” in the flavor text and the 2 by 3 grids clue the usage of braille.

|               |                |               |               |               |                |               |               |               |               |
